1956. SHRI IQBAL SINGH: Will the PRIME MINISTER be pleased to state what is the total investment made by Government in Punjab in the small scale units during the period from 1st January, 1990 to till date?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPTT. OF SMALL SCALE INDUSTRIES AND AGRO AND RURAL INDUSTRIES) (SHRI M. ARUNACHALAM): Small scale units in the country including Punjab are set up by private entrepreneurs. Givernment do not make any direct investment in the establishment of small scale industrial units. 1958. SHRI DIPEN GHOSH: Will the PRIME MINISTER be pleased to state:

(a) whether Government are aware that economic reforms are being introduced at the expense of the domestic industry and the nation;

(b) how the use of foreign brand name would help the economy or it would generate unfair competition to domestic industry; and

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF INDUSTRIAL DEVELOPMENT) WITH ADDITIONAL CHARGE OF THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF HEAVY INDUSTRY) (SHRIMATI KRISHNA SAHI): It would not be correct to say that economic reforms are being introduced at the expense of domestic industry or the nation. Available data indicate that there has been an overall improvement in the investment climate, the performance of industry as measured by the Index of Industrial Production (Base:1980-81-100) has improved considerably during April-December 1992 93 as compared to the corresponding period in the previous year, and the rate of inflation as measured by the Wholesale Price Index (Base:1981-82-100) has declined progressively from 16.7 per cent in August 1991 to 6.7 per cent in April 1993.

(b) and (c) Even earlier, the registration or use of foreign trade marks was not prohibited under the Trade and Merchandise Marks Act, 1958, although the use was discouraged under the administrative guidelines for foreign collaborations, especially for domestic sale of consumer products. However, with the introduction of liberalised industrial and economic policies which encourage foreign investment and collaborations, the choice of brand names, domestic or foreign, is left to the choice of the investor. This is expected to enable Indian made products to compete internationally and also lead to greater competition and better quality of products
